

THE vault

Catering

Whether you're hosting a corporate meeting or event, an intimate cocktail party, a family celebration, or just a casual get together with close friends, we approach every event with individually focused attention and detail.

Our catering menu offers a variety of options ranging from elegant hors' d'oeuvres to hearty meals and can be customized to fit any party's size, taste, and dietary restrictions.

The Vault Restaurant, a renovated bank located in the heart of downtown, is the perfect spot for after work drinks, lunch with co-workers, or a special occasion. The restaurant features bold mahogany wood decor, high ceilings, a vivid copper bar top, and of course, the vault from the original bank. The vault has since then become the restaurants wine cellar.
